

# **THURSDAY 13/10**

## **at Alexandros I Hall**

- 17.30**            **Congress Bag Counter Opens for Pre-Registered Participants**
- 18.00 - 20.00**    **Onsite Registration**
- 18.00 - 21.00**    **Welcome Cocktail Reception**
- 20.30**            **Board Meeting (at Amphitryon Hall)**

# **FRIDAY 14/10**

## **at Alexandros II Hall**

- 09.00**            **Welcome by Local Hosts and President**

**09.30**            ***Session 1: Retinal dystrophies & Eye Manifestations in Metabolic Disorders***  
***Ingele Casteels - Ioannis Asproudis***

- L01** Tony Moore. Infantile Onset Retinal Dystrophies
- L02** Persephone Savvopoulou. The Eye as the Mirror of Inborn Errors of Metabolism
- T01** Branka Stirn Kranjc. Multifocal Electroretinography in Children
- T02** Meenakshi Swaminathan. Clinical Profile and Use of Low Vision Care Devices and Vision Enhancement Techniques in Children with Rod-Cone and Cone-Rod and Cone Dystrophy
- T03** Gerd Holmström. Reduced Function of Photoreceptors of Prematurely-Born, School-Aged Children
- T04** Mariya Moosajee: Update on non-viral gene therapy using SMARs.
- P01** Catherine Cassiman. Peculiar Fundus Findings and Pathognomonic Electrophysiological Findings in a 3 year old boy
- P02** Anna Praidou. Early Diagnosis of Stargardt's Disease with Multifocal Electroretinogram in Children
- P03** Anna Praidou. Multifocal Electroretinogram helps define Varying Phenotypes within a Family with Bardet-Biedl Syndrome
- P04** Caroline Seghir. Macular and Peripheral Primary Retinal Telangiectasia

**P05** Markus Preising. Overlapping Intracellular Localization of AIPL1 and CENPF upon Heterologous Expression of HIS-Tagged AIPL1 Constructs

**P06** Nikolaos Ziakas. Generalised Cone Dysfunction in a Child with Fructose 1,6-Bisphosphatase Deficiency

**10.50**            **Discussion**

**11.05**            **Coffee Break (at Alexandros I Hall)**

**11.35**            **Session 2: ROP**  
**Eva Larsson - Asimina Mataftsi**

**L03** Birgit Lorenz. ROP and Anti-VEGF

**T05** Nicoline Schalijs-Delfos. Insight in Screening for ROP in the Netherlands

**T06** Chrysanthi Basdekidou. Anatomical & Functional Outcome of Vitrectomy in Stage 5 ROP

**T07** Wolf Wonneberger. Anterior Chamber Characteristics in Preterm Infants Born < 32 weeks GA

**T08** Ludmila Kogoleva. The Central Retina in Patients with ROP

**P07** Asimina Mataftsi. Retinopathy of Prematurity Frequency in a Large High-Risk Greek Cohort

**P08** Katerina Senkova. Combination of Photocoagulation and Intravitreal Injection of Pegaptanib or Bevacizumab in Treatment of Stage 3 Retinopathy of Prematurity in Zone I or Posterior Zone II

**P09** Arlette van Sorge. The NEDROP study: Incidence and Risk Factors of ROP

**12.35**            **Discussion**

**12.45**            **Thea Lunch Symposium (at Yacht Bar Restaurant)**

**14.15**            **Poster Session**

**14.45**            **Session 3 : Congenital cataracts**  
**Nikolaos Ziakas - Alicia Serra**

**L04** Scott Lambert. The Infant Aphakia Treatment Study: Outcomes at 1 Year

**T09** Jaume Català Mora. Surgical Management of Non Traumatic Ectopia Lentis in Pediatric Patients

**T10** Elias Adjadj. Multifocal IOL Implantation in Children with Traumatic Cataracts

**P10** Hon Shing Ong. Spontaneous Dislocation of Artisan Iris-Claw Aphakic Intraocular Lens Causing Complications in Two Children

**P11** Nikolaos Ziakas. Bilateral Congenital Cataract Surgery and IOL Implantation in a Single Session

- 15.25**            **Discussion**
- 15.35**            **Session 4: Anterior Segment**  
**Branka Stirn Kranjc - Agathi Kouri**
- L05** Nikolaos Markomihelakis. Intraocular Inflammations in Childhood
- L06** Leonidas Zografos. Pediatric Tumours of the Iris
- T11** Hans Ulrik Moller: Eye findings in 3 patients with multisystem smooth muscle dysfunction syndrome
- T12** Nikolaos Ziakas. Descemet Stripping Automated Endothelial Keratoplasty in a Child for Management of Failed Penetrating Keratoplasty
- P12** Julia Escudero Gomez. Retinal Exudative Detachment in a Child as The First and The Only Sign of Leukemic Relapse
- P13** Natalya Fomina. The Case of Toxoplasmical Arachnoiditis
- P14** Anna Praidou. Management of non-Hodgkin Intraocular Lymphoma with Intravitreal Injection of Methotrexate
- 16.35**            **Discussion**
- 16.45**            **Coffee Break (at Alexandros I Hall)**
- 17.05**            **Session 5 : Orbit**  
**Birgit Lorenz - Klio Chatzistefanou**
- L07** Konstantinos Boboridis. Orbital/Lid Disorders in Childhood Causing Visual Impairment
- T13** Cameron Parsa. Why Visual Function Does Not Correlate with Optic Glioma Size or Growth
- T14** Francis Munier. Preliminary Results of Intravitreal Chemotherapy (IVC) for Vitreous Disease in Advanced Recurrent Retinoblastoma: Evidence for Safety and Efficacy
- P15** Christos Moraitis. Retinoblastoma Presenting as Pseudo-Orbital Cellulitis
- 17.45**            **Discussion and End of Friday Program**
- 19.30**            **Gala Dinner (at Aristoteles Hall)**

## **SATURDAY 15/10**

**at Alexandros II Hall**

- 09.00**            **Session 6: Low Vision Aids for Children and Vision**  
**Gerd Holmström - Stamatis Gatzonis**
- L08** Vassilis Kokotas. Low Vision Aids for Children

**T15** Catharina Stellingwerf. Prevalence and Handling of ADHD and ASD in School Age Children with Visual Impairment - A Pilot Study

**T16** Francine Hoogslag-Bienfait. Young Children with Acquired Monocular Vision

**T17** Li Lihong. Analysis of Universal Eye Screening in 3573 Full Term Neonates

**T18** John Bladen. Visual Acuity Testing in Emergency Pediatric Ophthalmology

**P16** Katerina Senkova. Excimer Laser Surface Ablation for High Myopic Anisometropia After PC IOL Implantation in Children: Long Term Follow-up

**P17** Katerina Senkova. Excimer Laser Advanced Surface Ablation for Treatment of Anisometropic Amblyopia in Children Under 8 Years of Age - Long Term Results

**10.00** **Discussion**

**10.10** **Coffee Break (at Alexandros I Hall)**

**10.45** ***Session 7: Glaucoma and Optic Nerve***  
***Nikolaos Kozeis - Sandra Valeina***

**L09** Peng Khaw. The Childhood Glaucomas, Lessons from Six Years at Moorfields

**T19** Nikolaos Ziakas. Congenital Glaucoma Management in Northern Greece: A Seven Year Retrospective Study

**L10** David Taylor. Mitochondrial Optic Neuropathies

**P18** Aikaterini Fragkou. A Case of Bilateral Irreversible Blindness due to Paediatric Optic Neuropathy Precipitated by Vitamin B12 Deficiency

**P19** Liesbeth Prick. A Boy with Photophobia, Tearing and Torticollis

**P20** Anna Praidou. Transscleral Diode Laser Cyclophotocoagulation for Refractory Glaucoma Secondary to Juvenile Idiopathic Arthritis

**P21** Nikolaos Ziakas. Anterior Megalophthalmos - Report of 3 Cases: Clinical Features for Differentiation from Simple Megalocornea and Infantile Glaucoma

**11.35** **Presentation of the Next EPOS Meeting June, 17th-19th 2012 in Uppsala, Sweden**

**11.45** **Assembly Meeting (at Alexandros II Hall)**

**12.30** **Lunch (at Yacht Bar Restaurant)**

**13.30** **Poster Session**

**14.00** ***Session 8: Diagnostic Investigations in Children***  
***Markus Preising - Charalampos Basiakos***

**T20** Oliver Ehart. Subnormal Visual Acuity in Children with Abortive Scleral Staphyloma - caused by Stiles-Crawford Effect?

- T21** Marie-Claire Gaillard. Amblyopia Management in Unilateral Retinoblastoma.
- T22** Igor Aznauryan. Use of OCT for Patients with Foveal Hypoplasia and High Visual Acuity
- T23** Mariya Moosajee. Diagnosis of Linear Drusen?... Think Again!
- T24** Catherine Brozou. Retinal Hemorrhages in Neonates: Incidence and Parameters Implied
- P22** Joan Prat. Study of Vertical Strabismus by Digitalization of Ocular Movements

**14.50**            **Discussion**

**15.00**            **Coffee Break (at Alexandros I Hall)**

**15.30**            ***Session 9: Cerebral Visual Impairment***  
***Nicoline Schalijs-Delfos - Nikolaos Nitsas***

**L11** Gordon N. Dutton. Cerebral Visual Impairment - Help in Education

**T25** Lotte Welinder. Visual Abilities in Children with Developmental Delay

**T26** Irina Balikova. High Frequency of Copy Number Alterations in Patients with Congenital Eye Malformations

**16.30**            **Discussion**

**16.40**            **Final Remarks and Awards**
